Extempore Speech Competition
Department of Zoology
MANOHARI DEVI KANOI GIRLS' COLLEGE

Date: 19th September, 2025

Time: 10:00AM

Venue: Rabindranath Tagore room (201)

Programme Summary: An Extempore Speech Competition was organized by the department of Zoology, M.D.K. Girls' College in room no 201 at science campus of college. This competition was organized to create awareness among students about the causes, consequences and preventive measures of HIV/AIDS and other SIT's, while also encouraging them to develop confidence, spontaneity, and clarity in public speaking.

The event commenced with a warm felicitation of the guests and judges by the faculty members of the college. The programme began with a brief inaugural address by **Miss Kabyasree Dutta**, (programme coordinator), Assist. Professor, dept. of Zoology, who highlighted the importance of organizing the extempore speech competition. Following the inaugural speech the Vice Principal of both the streams **Mr. Aniruddha Dutta** and **Mrs. Purnima Chutia** delivered inspiring speech highlighting the importance of youth participation in spreading awareness about public health issues like HIV/AIDS and STIs. Both have appreciated the efforts of the Zoology Department for taking such an initiative and encouraged students to continue engaging in socially relevant activities.

The IQAC Coordinator, **Dr. Ashwini Machey** addressed the gathering and spoke on the importance of integrating health awareness with academic activities. The coordinator emphasized the role of educational institutions in shaping responsible citizens who contribute to social well-being spreading correct knowledge and removing misconceptions regarding these health issues.

Dr. Anita Sharma, assist. Prof. Dept. of Political Science, also delivered brief motivational speeches, focusing on the biological aspects of HIV/AIDS, preventive measures, and the importance of compassion towards the affected individuals.

Students from various semesters and departments enthusiastically participated in the competition, delivering insightful speeches that reflected their knowledge, perspectives and concern for public health.

The judges evaluated the participants based on content, clarity, confidence, presentation skills and time management. The panel of judges included **Dr. Juli Konwar**, Associate Professor, dept. of Mathematics and **Dr. Shreemoyee Bordoloi**, Assist. Professor, Dept. of Chemistry. The winners were awarded certificates and prizes as a token of encouragement. The judges,

appreciated the importance of youth engagement in spreading awareness on such sensitive yet crucial topics. The event concluded with concluding remarks by **Dr. Dulumoni Tamuly**, (programme coordinator), Assist. Professor, dept. of Zoology.
