- 2nd prize - ₹2000
- 3rd prize - ₹1000

(Flyer of the Event)

The National Science Day was celebrated on 28th February, 2026 by the Department of Physics in association with the School of Science with great enthusiasm and active participation from students and faculty members. The celebration was centered on the theme "Women in Science: Catalysing Viksit Bharat", highlighting the crucial role of women in scientific advancement and nation-building.

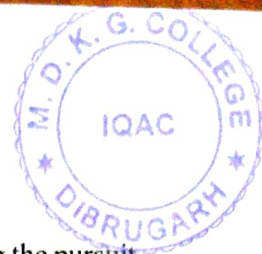

Objectives of the Programme

The main objectives of organizing the programme were:

- To commemorate National Science Day and promote scientific temper among students.
- To highlight the contributions of women in science and encourage gender inclusivity in scientific fields.
- To inspire young minds, especially female students, to pursue careers in science and research.
- To create awareness about the role of science and innovation in building a developed nation (Viksit Bharat).
- To provide a platform for students to showcase their creativity and knowledge through various competitions.

Inaugural Session

The programme began with the ceremonial lighting of the lamp, symbolizing the pursuit of knowledge and enlightenment. The event was formally inaugurated by Dr. Surajit Borkotokey, Governing Body President, M.D.K.G. College & Dean, Student Welfare, Dibrugarh University in presence of the Principal, Dr. Anup Jyoti Bharali, Vice Principal Dr. Aniruddha Dutta and Mrs. Purnima Chutia, IQAC Coordinator Dr. Ashwini Machey and all the faculty members.

The Principal, Dr. Anup Jyoti Bharali, delivered the inaugural address, where he emphasized the importance of scientific thinking and acknowledged the contributions of women scientists in shaping modern science. Following this, the GB President, Dr. Surajit Borkotokey, addressed the gathering and encouraged students to actively engage in scientific exploration and innovation.

Invited Talk

An invited lecture on the theme was delivered by Dr. Amrita Kashyap Chaliha, Entrepreneur, from Chroma Bio Tech, Dibrugarh. In her insightful talk, she highlighted the role of women in science, entrepreneurship, and innovation. She shared her experiences and motivated students to break barriers and contribute towards building a progressive and self-reliant nation.

Competitions and Activities

To mark the occasion, several competitions were organized in both online and offline modes, encouraging wide participation from various colleges:

- An **Inter-College Prize Money Quiz Competition** was conducted by the Department of Physics, with Mr. Bronson Sharma as the Quizmaster. The competition witnessed enthusiastic participation and tested the scientific knowledge of the participants.
- A **Science Meme Competition** was organized in online mode by the Department of Physics, encouraging participants to creatively present scientific concepts through humour and relatable content, thereby promoting engagement and deeper understanding of science.
- A **Doodling Competition** was organized by the Department of Chemistry, encouraging participants to showcase their artistic interpretation of scientific ideas.
- A **Poster Making Competition** was organized in online mode by the Department of Mathematics, where participants creatively expressed the theme through visual representation.
- An **Essay Writing Competition** was conducted online by the Department of Zoology, allowing students to articulate their thoughts on the importance of women in science.
- A **Sci-fi film review Competition** was conducted online by the Department of Botany, allowing students to articulate their thoughts on the importance of women in science.
- An **Exhibition-cum-Sale** was organized, open to students of all disciplines, providing a platform to showcase and sell a variety of creative and entrepreneurial products, thereby encouraging participation beyond science and fostering inclusivity and innovation.

The competitions saw active participation from students of various colleges, making the event vibrant and engaging.

Programme Coordination

The programme was jointly convened by Ms. Rimli Das and Ms. Subhra Jyoti Baruah. The entire event was smoothly conducted under the efficient coordination of Ms. Rimli Das, Convener, ensuring the successful execution of all activities.

Valedictory Session

The programme concluded with a prize distribution ceremony, where winners of various competitions were felicitated. The event ended with a formal vote of thanks delivered by the Convener, Ms. Rimli Das, who expressed gratitude to all dignitaries, participants, and organizers for their valuable contributions.

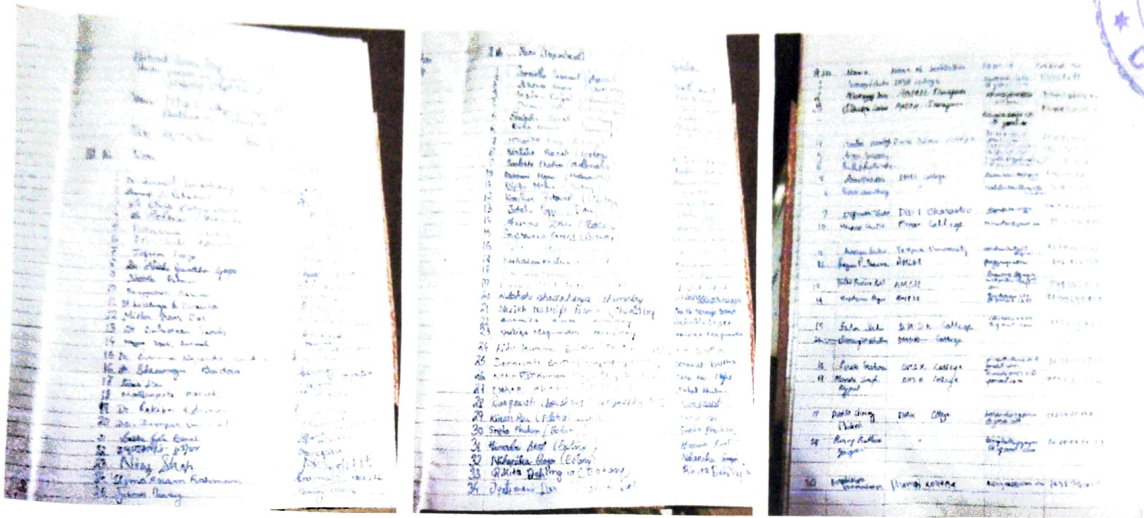

Conclusion

The National Science Day celebration was a grand success, effectively promoting scientific awareness and emphasizing the importance of women in science. The programme not only inspired students but also reinforced the role of science and innovation in achieving the vision of a “Viksit Bharat.”
